¹ Present on Admission codes are allowed (eventually required) only for IP records.

² Present on Admission codes are not allowed when diagnosis code is exempt from POA reporting (NULL or '1') should be used to signify 'Exempt from POA reporting' in the submission file.

Wipop vs. Wipop UB04 layout changes

Record	Field Description	Wipop (old system)	Wipop UB04 (new system)
	External Cause of Injury POA		to fourth External Cause of Injury code
Primary	DXE5 External Cause of Injury	N/A	External Cause of Injury code (secondary)
Primary	DXE5_POA External Cause of Injury POA	N/A	New field for Present on Admission code attached to fifth External Cause of Injury code
Primary	DXE6 External Cause of Injury	N/A	External Cause of Injury code (secondary)
Primary	DXE6_POA External Cause of Injury POA	N/A	New field for Present on Admission code attached to sixth External Cause of Injury code
Primary	DXE7 External Cause of Injury	N/A	External Cause of Injury code (secondary)
Primary	DXE7_POA External Cause of Injury POA	N/A	New field for Present on Admission code attached to seventh External Cause of Injury code
Primary	DXE8 External Cause of Injury	N/A	External Cause of Injury code (secondary)
Primary	DXE8_POA External Cause of Injury POA	N/A	New field for Present on Admission code attached to eighth External Cause of Injury code
Primary	DXE9 External Cause of Injury	N/A	External Cause of Injury code (secondary)
Primary	DXE9_POA External Cause of Injury POA	N/A	New field for Present on Admission code attached to ninth External Cause of Injury code
Primary	DXE10 External Cause of Injury	N/A	External Cause of Injury code (secondary)
Primary	DXE10_POA External Cause of Injury POA	N/A	New field for Present on Admission code attached to tenth External Cause of Injury code
Primary	DXE11 External Cause of Injury	N/A	External Cause of Injury code (secondary)
Primary	DXE11_POA External Cause of Injury POA	N/A	New field for Present on Admission code attached to eleventh External Cause of Injury code
Primary	DXE12 External Cause of Injury	N/A	External Cause of Injury code (secondary)
Primary	DXE12_POA External Cause of Injury POA	N/A	New field for Present on Admission code attached to twelfth External Cause of Injury code
Primary	PRPMOD = PRPMOD1 &	Field 19	Fields 46 & 47

Wlpop vs. Wlpop UB04 layout changes

Record	Field Description	Wlpop (old system)	Wlpop UB04 (new system)
	PRPMOD2 Principal Procedure Modifiers		
Primary	PRPMOD3 Principal Procedure Modifier	N/A	New field for third modifier attached to principal procedure
Primary	PRPMOD4 Principal Procedure Modifier	N/A	New field for fourth modifier attached to principal procedure
Primary	PROVID Provider ID	Field 27	Field 57 (required Q3 2007)
Primary	BILLTYPE Type of Bill	Maximum length = 3 characters	Maximum length = 4 characters – requires leading zero
Primary	MRN Medical Record Number	Maximum length = 20 characters	Maximum length = 24 characters
Primary	CERTNUM Certificate Number	Maximum length = 16 characters	Maximum length = 20 characters
Revenue	PCONTROL Patient Control Number	Maximum length = 20 characters	Maximum length = 24 characters
Revenue	HCPCSMOD = HCPCSMOD1 & HCPCSMOD2 HCPCS/Rate Modifiers	Field 5	Fields 5 & 6
Revenue	HCPCSMOD3 HCPCS/Rate Modifier	N/A	New field for third modifier attached to CPT/HCPCS procedure
Revenue	HCPCSMOD4 HCPCS/Rate Modifier	N/A	New field for fourth modifier attached to CPT/HCPCS procedure
Diagnosis	PCONTROL Patient Control Number	Maximum length = 20 characters	Maximum length = 24 characters
Diagnosis	DX_POA Additional Diagnosis POA	N/A	New field for Present on Admission code attached to secondary diagnosis code
Procedure	PCONTROL Patient Control Number	Maximum length = 20 characters	Maximum length = 24 characters
Procedure	PRMOD = PRMOD1 & PRMOD2 Additional Procedure Modifiers	Field 5	Fields 5 & 6
Procedure	PRMOD3 Additional Procedure Modifier	N/A	New field for third modifier attached to additional procedure

Wipop vs. Wipop UB04 layout changes

Record	Field Description	Wipop (old system)	Wipop UB04 (new system)
Procedure	PRMOD4 Additional Procedure Modifier	N/A	New field for fourth modifier attached to additional procedure
