

**Update**  
**April 12, 2011**

### **Welcome Spring!**

Please allow me to take this opportunity to thank those of you who have had the opportunity to complete our Customer Service Survey. The survey will be open for a few more weeks until, May 1<sup>st</sup>, for those of you that would like to share your customer experiences with us.

### **New Wlpop Edit:**

During the past few months, we shared with you a few new Wlpop edits we were planning to implement beginning in Q211. The edits below will be promoted to Wlpop at the close of business, Friday, April 15<sup>th</sup>. Please be sure to share this with your IT staff/programmer/vendor as it may affect the way your extract is populated or how you currently submit your data.

As a reminder, Admit and Discharge Dates are only required for INP and ED records, we currently have an edit to support that requirement.

The new edits are as follows:

- 1) Admit Date is required if Discharge date is provided – New Edit (# 1081)**
- 2) Discharge date is required if admit date is filled– New Edit (# 1121)**

***Special Note:*** *If your facility has the means or would like to submit a test file to avoid potential issues and edits, please do not hesitate to contact us to do so.*

### **WIPOP ENHANCEMENTS**

WHAIC is proud to announce the “new” positive changes and look to Wlpop. During the second quarter data submission process, you will be pleased to see the implementation of the Scrolling Bar and Multiple Delete functions that we reviewed during training.

**Other Notable Information**

**NPI**

WHAIC would like to take this opportunity to update facilities on the collection of the National Provider Identifier (NPI). Thus far, collection and reporting on the NPI number has been going quite well. However, as many of you are aware, WHAIC relies on each facility to supply a provider’s NPI number prior to submission of their records. Providing the NPI number in advance allows WHAIC to validate the NPI number against the National Plan and Provider Enumeration System (NPPES) prior to populating the NPI in our data base. WHAIC does not receive updates from NPPES.

In order to continue to improve our processes and expedite updating our internal tables with new NPI numbers, we are asking facilities to follow a few simple steps as described below:

**Please send in your NPI’s in the following format:**

- Comma delimited, text qualified with double quotes (see below for sequence)
- If for example, you don't have the middle initial or UPIN, please place in " " (double-quotes)
- Include header row with column names

FIELD NAME	LEN	DATATYPE
NPI_number	10	varchar/text
Last_Name	50	varchar/text
First_Name	50	varchar/text

Middle_Initial	2	varchar/text
WI_License_number	10	varchar/text
UPIN_number	10	varchar/text

Include header record with column names.

Ex:

"NPI\_number", "Last\_Name", "First\_Name", "Middle\_Initial", "WI\_License\_number",  
"UPIN\_number"

"1234567891", "Doe", "John", "D", "42836", "E24347"

### ICD-10

WHAIC staff has begun to fully engage ourselves in the undertaking of making the switch from ICD-9 to the ICD-10 codes. We are in the process of developing our crosswalk, attending webinars, leading work groups and attending conferences. There are a lot of useful resources available online and in print including new information posted on the WHA website at:

[http://www.wha.org/financeanddata/icd\\_10.aspx](http://www.wha.org/financeanddata/icd_10.aspx)

For those of you who would like more information, CMS will be hosting ICD-10 national provider teleconferences throughout the year and they also have an ICD-10 email update listserv.

### 5010

WHAIC recently completed a full review of the data submission Quick Reference Matrix that contains all the HIPAA-AS 4010A1 EDI requirements and compared them to the new HIPAA-AS 5010 requirements that will become effective on January 1, 2012. There are a few notable data changes that will be implemented, some data elements that have changed and a few data elements that will no longer be covered in the transaction set. Most of these changes will not affect your data submission to the WHA Information Center.

The updated Quick Reference Matrix will be posted online by April 22<sup>nd</sup> for your reference.

## Important Dates and Deadlines

**May 15:** Standard deadline to submit 4Q 2010 OHO data and 1Q 2011 Inpatient, Outpatient Surgery, EDV, and Observation data.

**June 14:** Extended deadline to mark data complete for 4Q 2010 OHO and 1Q 2011 Inpatient, Outpatient Surgery, EDV, and Observation data.
