

Tier 2A - Annual Data Set Fees for Wisconsin Hospitals

Fixed-Width Data Sets

Each Wisconsin hospital is assigned to a pricing tier. In purchasing the Fixed-Width Data Set, the facility receives Inpatient, Outpatient Surgery and Emergency Department Data, along with Physician-Enhanced Data.

Tier	Annual Fee
I	\$482
2	\$956
3	\$1,230
4	\$1,883
5	\$2,888
6	\$4,626
7	\$7,244
8	\$11,091
9	\$15,120
10	\$23,315
11	\$32,303
12	\$74,953

Relational Data Sets

If a Wisconsin hospital purchases the Relational Data Set, the pricing includes an additional 15% fee to the Fixed-Width pricing. The hospital would receive Inpatient, Outpatient Surgery, Emergency Department and Observation, along with Physician-Enhanced Data.

Tier	Annual Fee
I	\$554
2	\$1,099
3	\$1,414
4	\$2,165
5	\$3,321
6	\$5,320
7	\$8,331
8	\$12,755
9	\$17,388
10	\$26,812
11	\$37,148
12	\$86,196

Standard Relational Data Sets & Other Hospital Outpatient (OHO)

The pricing below includes all data types, including the Other Hospital Outpatient (OHO) Data. The OHO Data includes an additional 15% fee of the relational pricing. The OHO Data Set is only available in the relational format.

Tier	Annual Fee
I	\$637
2	\$1,264
3	\$1,626
4	\$2,490
5	\$3,820
6	\$6,118
7	\$9,580
8	\$14,668
9	\$19,997
10	\$30,834
11	\$42,721
12	\$99,125
